

Monday 30th November 2020

Dear Parents/Carers,

Relationships and health education in primary schools became statutory from September 2020, although the Government has given schools an extension on this date to deliver the new curriculum due to the Coronavirus pandemic.

We have been working on how we can make sure that our PSHE education programme, where these subjects will all be taught, meets the new Government requirements and the needs of our pupils.

We have worked hard to make sure that our new curriculum reflects:

- Our pupils' age and maturity levels, as well as their cultural backgrounds
- The values of our school community
- Every pupil's learning needs
- What pupils need to know to be healthy and safe in school and our community, in their relationships and in the wider world.

We had planned to hold a parent consultation meeting this term, but this was not possible due to the Coronavirus pandemic. As we are still living with the restrictions, it is still not possible or safe for us to hold a meeting in school. We really value your views and feedback, so as an alternative, we will be running an online consultation process for parents/carers. This will involve us sharing our draft RSE (Relationship and Sex Education) policy with you along with an overview of our curriculum plan.

This consultation is really important to the school and we would very much like all parents/carers to give us feedback on this and to also be clear on what the Government is asking us to teach and how we have arranged our curriculum to do this.

This consultation will take place via our school website (we will send you a link, via text, directly to the page when it is up and running) and is planned to run for a two-week period from Friday 4th December 2020 up until Friday 18th December 2020. Please email your feedback to perryhallprimaryschool@wolverhampton.gov.uk. The school will then take a few weeks to review any views and feedback and deal with any questions before we publish our final policy.
