**Re: Completion of the damaged classrooms**

Dear Parents/Carers,

I hope this letter finds you well.

I am writing to inform you of the imminent completion of the Nursery classroom and other learning spaces at Perry Hall.

We are awaiting the final stages of the project, with the toilets being plumbed in and the delivery of the replacement nursery equipment and furniture. Due to the size of the room, the current furniture and equipment in the temporary classroom would not suffice for the learning needs and provision in the original classroom.

Therefore, we are aiming to move all classrooms back before the Easter break so the children can resume in their designated classrooms after the holiday.

We appreciate your continuing support and patience during this time.

Yours Sincerely,

L Fellows  
Headteacher
